

Revised route network

**Starts
23 July
2006!**

- More trams to Wimbledon
- Route 3 to run New Addington - Wimbledon
- Route 1 to run Elmers End - Croydon

Tramlink's new route network

Tramlink's new Centrale stop in Tamworth Road, Croydon opened last December. Following on from this and to maintain service reliability on the Tramlink system, the route network changes on **23 July 2006** to:-

Route	New terminals
1	Elmers End – Croydon
2	Beckenham Junction – Croydon
3	New Addington – Croydon – Wimbledon

Revised route 3 will run through between New Addington and Wimbledon via Croydon every 7-8 minutes during the daytime on Mondays to Saturdays, and every 15 minutes at other times.

Route 1 will be shortened to run between Elmers End and Croydon town centre whilst **route 2** will continue to run between Beckenham Junction and Croydon – it will no longer run through to Wimbledon during evenings and on Sundays.

Both routes 1 and 2 will continue to run every 10 minutes during the daytime on Mondays to Saturdays, and every 30 minutes at other times.

Interchange between routes can be made simply at any stop where all three routes run together between Sandilands and Croydon town centre loop.

Frequencies and first/last times

Route no.	From	To	Approx. journey time (mins)	Frequency (mins) Mon - Fri: 0750 hrs – 1840 hrs Saturday: 0900 hrs – 1740 hrs	Frequency (mins) Mon - Fri: after 1840 hrs Saturday: after 1740 hrs Sunday: all day	First Tram		Last Tram	
						Mon – Sat	Sun	Every day	
						First	First	Depart	Arrive
